# BATULAO-TAGAYTAY FACTS

**Tagaytay City** in the province of Cavite is one of the best tourist destinations near Metro Manila. It is full of natural attractions and a perfect place for leisure activities such as picnic, horseback riding, sightseeing or just to hangout and to enjoy the cool Tagaytay weather. It is a **favorite go-to place** among tourists and weekenders searching for a quick whiff of refreshing air. Just a 2-hour drive from Manila or 2-3 hours by commute or public transportation, **Tagaytay** is a relaxing and safe haven where one can relax, unwind and be one with nature. You can find many places to visit and do many things in Tagaytay City, as well as find a wide array of hotels and resorts with pool for a memorable Tagaytay getaway.

# Cool & Fresh Weather

One of the top-selling points of Tagaytay is its cool weather that brings a lot of people to the destination. Aside from that, it also has a fresh atmosphere as the city is less congested and less polluted than other heavily urbanized cities. People who live in the city do not have to crank up the air conditioning for comfort so they get to save more from their electricity bill.

# Stress-free lifestyle

With the recreational areas and natural environment that Tagaytay offers, the city serves as a quick retreat for people who want to unwind from the stress of city life. With the laid-back and stress-free lifestyle in the city, many also found Tagaytay the perfect place to retire. Investing in a condominium in Tagaytay is like getting your access to live near nature with the bonus of pleasant chirps of birds to greet you upon waking up. In addition to that is the advantage of having necessities and utilities that are comparably more affordable.

# Perfect leisure spot

Whether you are a local or a foreigner, you'll find Tagaytay as a perfect leisure spot. The tallest Ferris wheel in the Philippines is found at the Sky Ranch. If you want to relax and just enjoy nature and amazing views, you can simply chill at the picnic grove or any coffee shops and restaurants in the city. There are also local delicacies such as bulalo, tawilis, and delectable tarts that people keep coming back to.

#### Developments

The construction of new highways made Tagaytay more accessible from Metro Manila. For instance, the Cavite–Laguna Expressway (CaLax) made trips shorter and reduced traffic in the city. Other highways like the Cavite–Tagaytay–Batangas Expressway (CTBex) is also in the works which will bridge connections across the towns of Silang, Amadeo, Indang, Mendez, Alfonso and Nasugbu. Overall, these developments are also factors in the emergence of potential leisure properties in the city.
